Please answer (in complete sentences) the following questions and submit in pdf format on Git.

1. How many hours per week do you anticipate working for EE306 this semester?

7hrs

2. What is your goal for this course?

learn how computer works

3. Write a few sentences about your favorite teacher. Why was he/she your favorite?

My favorite teacher is a physics teacher

I met in my highschool. She encouraged me to ask lots of questions.

4. List at least three ways in which we (instructor, TAs) can help you with your course work.

Go over Homework, discuss Problems,
willingly answer questions.

5. Write a few sentences about a challenge you faced in high school and describe what helped you overcome this challenge.

I had a hard time managing my time.

In order to save my time and manage it well, I used planners to organize my tasks.
